Off white unprinted newspaper sheets x 50 approx. Each sheet measures 750mm x 500mm and is an ideal void filler for baskets. This paper is firm enough to give 'pockets' when scrunched up, which will help hold and stabilise any products. Will also help with cushioning and protects items. Approximately 50 sheets per pack.

Dry foam brick. These bricks are fantastic for void fill and product stabilizing. Use with the bamboo skewers to display items in a basket, or just use to fill the gap in the base and give items height. Wrap with a sheet of tissue or blank newsprint to avoid the foam crumbs going into the wicker. Easily cut down to fill gaps in smaller baskets. Will also help with cushioning and protects items and can be used in conjunction with other filler products. Bricks sold singly.
